On the other hand, Rio Grands Western preferred was marked up 314, and Rome, Watertown and Ogdensbug 1% on trading in a few hundred shares.

Industrial shares were strong. Cotton Oil issues are up 34 to 1 per cent, Edison General Electric 2. and National Cordage preferred %. Money is more active at many points and Sub-Treasury absorptions for the current week amounted to about \$2,000,000, but the disbursement of \$30,000,000 for pensions within the next few days should allay any fears of possible atringency. The news of the day was plentiful but not exciting, being confined mainly to the several railway traffic returns, as
